Sponsored Content

€1,500 (includes business writer & photographer fees)

This form of premium Sponsored Business Content is considered one of the most effective means of modern digital marketing. Through it, advertisers can reach an audience in a seamless way and without disrupting the flow of content reaching the end user. Sponsored Content is essentially online content created for paid promotion, which does not use a traditional ad format such as a banner, but includes editorial content such as an interview with a business professional, a case-study or a product/event review.

The Process

The article is handled by one of our talented in-house business writers and then passed on to the client for approval. Interviews can be carried out on Zoom or Teams. Once uploaded, it is then in the hands of our digital marketing experts to make sure that the post stands out from the rest! Our team will ensure that the article is seen by as many people as possible, including posting on BusinessNow.mt's Facebook page and giving it a monetised boost. Additional exposure will also be given through our LinkedIn page. The fee is all-inclusive and covers all the different elements of the job from digital marketing to the assigned journalist as well as photography.
